Not on Campus:

At the federal level, marijuana remains classified as a Schedule I substance under the Controlled Substances Act, where Schedule I substances are considered to have a high potential for dependency and no accepted medical use, making distribution of marijuana a federal offense.

Use and possession is prohibited on campus even for those with a medical recommendation. The Drug Free Schools and Communities Act requires institutions that receive federal financial assistance to follow federal guidelines and also establish drug and alcohol abuse prevention programs for students and employees.
