**WHAT TO BRING**

One of the questions you might be asking yourself is: "what should I bring to school?" In order to help you get started we have compiled a suggested list of things for you to bring. When you are shopping, don't forget that you’ll want these purchases to last you for four years, so pick items with some durability. Finally, every student should compile their own personal "can't leave home without it" list. We can offer suggestions, but only you can decide what it takes to make you feel at home.

**ARE THERE ITEMS THAT COULD BE SHARED?**

You may want to think about contacting your new roommate before getting any items that could be shared for your room such as rugs, TV, microwave, etc.
