Climate Action Plan Subcommittee: Student Membership

The Climate Action Plan (CAP) Subcommittee maintains four positions for student members. The student members are invited to participate in CAP Subcommittee meetings and to contribute toward achieving CAP goals. As part of their participation, the student members are encouraged to identify and implement one student-led initiative that will help to meet the goals of the CAP by reducing University greenhouse gas emissions or increasing University resiliency. The student-led initiative should be completed over the course of the academic year. The student team receives direct support from CAP Subcommittee faculty and staff members and the Office of Sustainability as needed to assist with implementing the student-led initiative.

Student members are selected at the beginning of the academic year by the Subcommittee members. Membership lasts for the academic year. Students of all majors and academic years are encouraged to participate. To apply, send a short explanation (less than 200 words) of why you would like to be a CAP Subcommittee Student Member to the CAP Subcommittee Chair, Dr. Kathleen Schreiber (Kathleen.Schreiber@millersville.edu), by October 27th, 2017. The CAP Subcommittee will select Student Members giving preference to those students who most demonstrate that participating in the CAP Subcommittee will enhance their academic and career pursuits.
