

# 2025-2026 **ESTIMATED** Cost of Attendance (COA)

The Cost of Attendance (COA), also known as the Student Budget, is comprised of both direct costs (*those billed directly by the university*) and indirect costs (*possible costs incurred by a student while attending school, but not billed by the university*). This number is used by the school to determine the maximum amount of financial aid a student can receive for that award year.

**Costs listed below are based on full-time enrollment (6 credits) for doctoral programs.** Actual *Tuition/Fee* charges are based on a student's per credit enrollment.

\* **On-Campus student charges may vary for Housing and Food depending on a student's actual room assignment & designated meal plan.**

*Housing/Room rates can be found at [millersville.edu/housing](http://millersville.edu/housing). Millersville University Dining Meal Plan rates are available at [millersville.edu/dining](http://millersville.edu/dining).*

\*\* **Commuter and off-campus students are **not** billed by the University for Housing charges; and are only billed by the university for Food if they choose to have a meal plan.** Amounts listed in those categories above are based on average expenses and are included in the student's *Total Cost of Attendance/Student Budget* for financial aid processing only.

\*\*\* **Amounts listed for Possible Other Educational Expenses are based on average expenses incurred by Millersville students and are not charged directly by the University.** Amounts listed in this category are included in the student's *Total Cost of Attendance/Student Budget* for financial aid processing only.

† **The estimated amount it costs to attend Millersville is **not** the Total Cost of Attendance, rather it is the Total Billable Charges listed under your anticipated housing plans.** To estimate the amount that you will owe for the academic year, subtract your total financial aid awards (see your Financial Aid Offer) from your Total Billable Charges (see above).

⬇ If this calculation results in zero or in a negative number, you have enough financial aid to cover your charges for the academic year.

⬆ If this calculation is a positive number and you need additional aid resources, please visit [millersville.edu/fa-options](http://millersville.edu/fa-options) for more information.

⬇ To determine the amount due per semester, divide the yearly amount due by two.
