

Language & Literacy: Literacy Coaching Endorsement

The Literacy Coaching Endorsement is available for reading specialists who desire to strengthen their professional knowledge, build skills in instructional coaching and stand out in their field.

PROGRAM OVERVIEW

The fundamental goal of the Literacy Coaching Endorsement* is to prepare teachers to be effective in helping improve the knowledge, skills and practices of teachers, thus enhancing student achievement. A literacy coach is one who helps teachers to recognize what they know and can do, assists teachers as they strengthen their ability to make more effective use of what they know and do, and supports teachers as they learn more and do more.

*This is an endorsement to be added to an existing reading specialist certification.
